Partnering for Impact: Connecting Literacy Programs with Local Health Resources

Name: _____ Organization: _____

1. Community Health Asset Map

List potential health-related partners in your community.

Organization / Person	What they do / services offered	How they could support our learners

Add more on the back if needed.

2. Simple Partnership Ideas

Check any ideas that interest you:

- ❑ Guest speaker (nurse, CHW, health educator)
- ❑ Health-focused class visit (e.g., nutrition, diabetes, mental health)
- ❑ Joint workshop at your site
- ❑ Health fair or "Health Literacy Day"
- ❑ Co-created flyer or handout in plain language
- ❑ On-site screenings with support for forms and interpretation
- ❑ Other: _____

Which **one or two** feel realistic this year?

3. Draft a Small Pilot Plan

Program:

Potential health partner:

Shared goal (1–2 sentences):

Activity idea (circle one):

Guest speaker

Joint workshop

Health fair

Co-created materials

Other:

Who from our program will lead?

Who might lead from the partner organization?

First contact step (email, call, visit):

I will take this first step by: _____ / _____ / _____

4. Reflection: Why This Matters for My Learners

How could this partnership help your learners with:

- Their **health**?

- Their **confidence and voice**?

- Their **goals for work, family, or education**?
